RE: Post closure monitoring – Town of LeRay Landfill site.

Hi Ron,

When the DANC Solid Waste Management Facility was under construction the Town was allowed to keep your landfill open to incoming waste. In doing so I believe you signed a "Consent Order" which required the Town to monitor for a period of 30 years after final closure of your landfill site. The DANC SWMF opened in the fall of 1992 and it has now been 30 years. Other closed Town landfills have requested and received consent from DEC to quit monitoring.

I believe a letter to DEC from the Town requesting to cease monitoring the closed landfill site should be honored hopefully before our October 2023 sampling event and reduce the expense to the Town.

If you should have any questions, please feel free to contact me.

Regards,

David J. Converse,
